acer x110p user guide pdf

Here are solutions to the six most common projector problems happening after installing a new projector lamp. Sometimes things don't go as planned after installing ...

common projector problems - DLP Lamp Guide

When you install a new lamp, the projector may not work properly. This is because the projector's internal components are not calibrated for the new lamp. To solve this problem, you need to perform a lamp calibration. For more information, please contact Acer Support at 1-888-505-4545.
